## **GEORGE WASHINGTON OUTPLAYED BY MEDS**

Baltimoreans Swept Off Their Feet in First Half But Hold in Second.

#### FUMBLING WAS FREQUENT

Hatchetites Failed Miserably on the Forward Pass and Field Coals. Field at Right Half.

In a slow and uninteresting, but hardfought, contest, in which fumbling and loss of the ball on both sides were frequent, the Baltimore Medical School football team which was substituted at the eleventh hour for the Washington and Lee representatives, and George Washington University, went two twenty-minute halves to a 0 to 0 score on Van Ness Field yesterday af-

The Hatchetites started with a rush in the first half and played the visitors off their feet until the latters' 20-yard line was reached. Here the Baltinoreans braced and Steenerson attempted a goal from field. After that first one and then the other would have the advantage, and although each team came within a few yards of a touchdown several times, neither had to rush the ball over the line. Forward Pass Fails.

A notable point was the inability of the Buff and Blue to gain any amoun of ground on its feature play, the for ward pass. In former games, this play has netted from ten to forty yards on yesterday shows the need of more prac tice on this particular formation.

Toward the close of the second half John Field, last year's Eastern High captain, was tried out in Sutton's posi-tion at right half, and his work in line plunging, end running, and defen-sive work favorably impressed those on the side lines. At one time George Washington succeeded in reaching its opponents' 20-yard line, from Washington succeeded in reaching its opponents: 20-yard line, from where Field tried for a drop kick, but missed. It is probable that the young man may be kept to go in at quarter in case Captain Steenerson's ankle should go back on him. During the past week Field has been playing this position in the scrimmage work, and he is said to be almost the equal of Steenerson.

Changes in Line-Up Expected. Coach Crowell was not very much imyesterday and there may be a big shakebe spent in learning special formations to be used against the University of Virginia next Saturday. The line-up:

An interesting war between the promoters of rival automobile shows in New York has resulted in flaring announcements that are likely to be con-

nouncements that are likely to be confusing to the public.

The Automobile Club of America will this year hold its annual exhibition in the Grand Central Palace, Lexington avenue and Forty-third street, beginning December 1, while the Association of Licensed Automobile Manufacturers will conduct its exhibition in Madison Square Garden, beginning January 12. Both shows will run for one week.

The Automobile Club, which up to ast year had always been interested in the Garden exhibitions, has begun to advertise its show on the blank walls of the city as the "Seventh Annual Show, formerly held in the Garden." The A. L. A. M. is retaliating with the annuncement that theirs is the "National show of the old makers in the Garden, was always."
